

Birthdays in the Fourth Grade

There are several ways we acknowledge birthdays in the Lower School. First of all, at the morning assembly of the week of students' birthdays, their names are read by Mrs. Ligon and they are called to the front to receive a birthday sticker. Once a month, the Lower School also celebrates the birthdays of that month with a birthday treat after lunch. Summer birthdays will be acknowledged in May and June.

In A4b the birthday girl receives a birthday certificate, sticker and pencil. She also chooses a prize from the treasure chest.

Food, party favors, or goody bags are not appropriate for school celebrations and should be reserved for your child's home party. Please do not send such items to school. We ask that you mail private birthday invitations and not distribute them during school.

Thank you!
Julie Reinhardt
